

FISCAL NOTE

SB 2963 - HB 3412

January 23, 2008

SUMMARY OF BILL: Requires any consumer product or identification document that has been affixed or implanted with radio-frequency identification (RFID) to contain a label informing the consumer that such product or document contains RFID. Violations are punishable through civil penalties, private rights of action and as a Class B misdemeanor subject to a fine only.

ESTIMATED FISCAL IMPACT:

Increase State Revenue – Not Significant
Increase State Expenditures – Not Significant

Increase Local Gov't. Revenue – Not Significant
Increase Local Gov't. Expenditures – Not Significant

Assumptions:

- A not significant increase in revenue from collection of additional civil penalties.
- Any state cost can be accommodated within existing resources without an increased appropriation or reduced reversion.
- There will not be a sufficient number of prosecutions for local governments to experience any significant increase in expenditures.
- A small increase in cases in the court system, which will result in additional state and local government expenditures for processing the cases and additional state and local government revenue from fees, taxes and costs collected. These expenditures and revenue are estimated to be not significant.
